

Hyosung's aerocool moves the sweat away from the body to the outer layer of fabric, where it dries faster than any other fabric. Better evaporation means you spend less energy to cool your body, which increases your performance and endurance. And because aerocool has better breathability, nothing's more comfortable to wear.

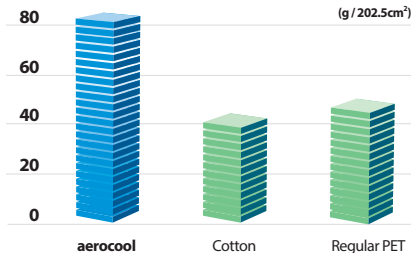

### [Characteristics]

- Superior Sweat-absorbing property
- Quick-drying property
- Comfortable & Cool

< Absorption (by JIS L 1096) >

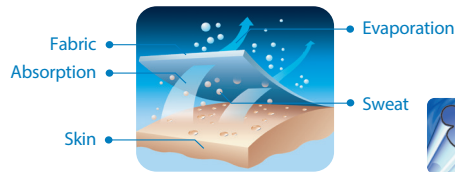

< Drying (by JIS L 1096) >
